

JYOTI ADHIKARI

BSc.CSIT Student | Aspiring AI/ML Engineer

📍 Jawalakhel, Lalitpur, Nepal | 📞 +977 9862905795 | ✉️ jyoadhikari1111@gmail.com

[LinkedIn](#) | [GitHub](#)

Profile

CSIT student passionate about AI/ML and data science, with Python and data analysis skills. Strong in algorithms, problem-solving, and curious about real-world ML applications.

Education

BSc. Computer Science and IT, Padmakanya Campus, TU — 2022–Present

Skills

Python (Numpy, Pandas, Matplotlib, Seaborn, TensorFlow), math intuition (derivatives), Git, GitHub, VS Code, Jupyter Notebook, DSA, OOP

Projects

1. **Grocery Store Locations – Data Analysis:** Analyzed location data, cleaned and visualized, found insights on store distribution.
2. **WanderHub Travel Platform (MERN):** Travel listing app with CRUD, responsive design using Node.js, Express, MongoDB.
3. **E-Commerce System (PHP/MySQL):** Product and order management, shopping cart, admin dashboard.

Interests

AI & ML, Data Science, Neural Networks, LLMs
